## SPRING HAS SPRUNG!

There is a great deal of optimism and anticipation as we go to press in the middle of March 2021. April 12th should be the day for non-essential retail businesses to open, with hospitality soon after on 17th May.

During this latest, and longest “lock-down” it is admirable just how many essential businesses have continued to serve their customers despite very difficult, and often loss-making times. I really hope you all continue to support local businesses as times improve.

**WINNERS!** Two local ladies recognised the farm buildings featured in our Winter Edition. Both Joan Worner and Margaret Barnham correctly replied “Manor Farm Buildings, Haselbury Plucknett.” Easily visible from 2 footpaths through the farm. Thank you both for participating.

Our editorial team have been busy with articles in this edition covering Southcombe’s sheepskin factories; work on the railway line near Crewkerne; and a walk around Bincombe Beeches, the cemetery, and Misterton.

Contributions came in from Crewkerne Rotary, Crewkerne in Bloom, Crewkerne Museum, The Speedwell Hall and Space4 Crewkerne.

Best wishes,

*Anthony Bucke*, Editor, Wednesday 17th March 2021

# Southern Conservatories

## Think Local, Buy Quality, Choose Southern

Visit one of the largest Show Sites in the Southwest!  
Offering a huge range of products to suit every home and budget.

Award winning Southern Conservatories Ltd have been improving homes across the Southwest and beyond for nearly 40 years, installing quality UPVC, Timber and Aluminium Conservatories, Doors and Windows.

Our experienced and friendly team take a real pride in every installation we carry out to fulfil our customers dreams from concept to creation.

Southern Conservatories Ltd are proud to be registered Guardian Warm Roof installers, also using the latest solid Ultraframe roof systems including the LivinRoof and UltraRoof.

It's the perfect time to update your conservatory or build that new glazed extension you've always dreamed of, ready for the summer and the promise of meeting up with family and friends.

We are hoping to reopen the Show Site to customers on Monday 12th April and on Saturdays from the 17th April in line with the Government roadmap.

## COVID 19 AND THE ROTARY CLUB OF CREWKERNE

Like many organisations the **Rotary Club of Crewkerne's** activities have been curtailed by the covid-19 virus. Activities with the local schools like the **Young Chef** and **Young Musician competitions** and the **Rotary Technology Tournament** which attracts 96 students from 6 local schools and the **Big Pitch business projects**. Even the presentation of 120 Usborne Dictionaries to Year 6 at Maiden Beech was somewhat different this time. Our Rotary Shop which is well supported by the local community did not take place thus reducing the support we can give.

Following Government advice and the wellbeing of members we were not able to assist at the vaccination centre at Henhayes although our daughter club, Crewkerne District, have been a tremendous help.

However, that is not to say we have been idle. We have weekly Zoom meetings with a guest speaker and whilst we may not have been physically helping, we have assisted several local organisations financially. Not just from club funds but members have dug deep into their own pockets as well.

During the past year we have donated, in total, more than £7,000 to various organisations including **Crewkerne Community Church, Henhayes Centre, Crewkerne in Bloom, ARK at Egwood, Yeovil District Hospital Breast Cancer Unit, Pilsdon Community Centre, Magdalen Environmental Trust, Children's Hospice South West, Dorset & Somerset Air Ambulance and Christmas Toy Boxes for Kids Out.**

There is light at the end of the tunnel and come late summer we are, hopefully, physically active once again.

**Would you like to help your local community?**  
Joining your local Rotary club will give you the ideal opportunity and you'll have great fun too!

To find out how you can join, email [membership@crewkerneclubrotary.org.uk](mailto:membership@crewkerneclubrotary.org.uk) or call **Martin Holley** on 01460 67249

## Crewkerne in Bloom!

Snowdrops have emerged, crocuses are opening and daffodils are nodding their heads. Spring is here and whichever way you look at it, **Crewkerne is Blooming!**

Eye-catching flower displays welcome all from every direction while cheery pops of floral colour brighten a stroll through our lovely old town.

At the **Rotary Stone** the Daphne with its amazing fragrance was an early starter, then the daffodil and crocus bulbs planted by volunteers last Autumn burst into carpets of beauty.

See them at **St Bartholomew's Churchyard** with its new, seasonally planted areas and stop at the **Luccombe Oak in Henhayes** to take in the fabulous purple swathe.

Thanks to volunteers, carefully tended beds in **Church Street, West Street and Rose Lane** are all looking lovely.

And now, what better incentive to get cracking with your own planting and tidying than the announcement of a new **Crewkerne in Bloom garden competition?** Our volunteers won a variety of awards last year and while we're looking forward to entering this year's contests, we invite Crewkerne residents to join in the fun too.

We have come up with four simple categories with full details to follow:

- Front garden
- Front of house collection of pots and/or hanging baskets
- Photo/s of back garden
- For children - any plant/plants in a pot up to 15cm

Judging will be in July so start planning now!

Meantime, if you don't have an outdoor space of your own, or you'd like to help Crewkerne to continue looking beautiful, **do please join us.** No experience needed, only your enthusiasm.

Just your support will be equally welcome. You could **become a Friend** for £10 a year. Renewable membership starts in April and gives you regular updates, information on meetings and generally helps keep Crewkerne looking colourful.

While we will continue to work on our usual areas, we'd also like to help keep the **Cemetery** looking its best. Maybe you visit to remember a loved one and could give some tender loving care to the surrounding beds? Setting up a band of volunteers of all ages is one of our aims for the year.

For further information, to Volunteer or become a Friend, contact 01460 72665 or [hello@crewkerneinbloom.org](mailto:hello@crewkerneinbloom.org)

Safe, Secure & very, very strong....

## The **ULTIMATE** garden fence

Colourfence are transforming gardens across Dorset & South Somerset.

A garden fence built to last, with colourfence once it's up it stays' up, resisting wind gusts of up to 130mph!

Colourfence panels are made from innovative Colorbond Steel and are guaranteed to last at least 25 years, an occasional wash down with water will leave your fence looking beautiful year after year.

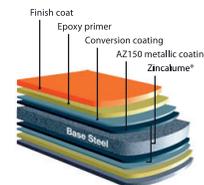

Available in a variety of heights and colours, with or without trellis.

**A fence that requires no painting or treatment!**

### The Fence that repairs itself.

If you scratch or cut Colourfence, the ingenious zinc element in the Zinalume steel reacts with moisture to form a protective barrier to prevent any corrosion with no action needed from you.

**STRONG, SECURE & BUILT TO LAST!**

### The only fence that won't

⊗ warp ⊗ crack ⊗ shrink ⊗ rot ⊗ peel ⊗ break ⊗ blow over

...well for **25 years, at least!**

For a free no-obligation site visit, please call **Andy & Shelley**.

# A LATE WINTER WALK

## Bincombe Beeches, Easthams and Misterton.

This is a very varied circular walk through town and country, with some stunning views. The way can be wet and muddy, with one steep climb at the outset.

This is a very “eco-friendly” walk as the start/finish is easily accessed and with bus stops, and Crewkerne railway station along the route. But because the walk covers Crewkerne and Misterton, you could even start from your own front door!

We started at Market Square, Crewkerne, outside the Town Hall. (to locals The Victoria Hall). Walk behind the hall and take the lane past Stokes Partners. Almost immediately turn left to Bincombe Beeches. This is a steep climb, but with huge rewards as soon as you arrive at the meadow, and look back over Crewkerne town centre. A further short climb takes you though the beech trees onto the

plateau. From here on a clear day there are views to Cadbury Castle and The Mendips. Reputedly a timber church stood here in the 15th century. It's worth taking time walking around Bincombe Beeches, as the area is very well managed, and you will find remains of the original farming practices still in evidence – if you look hard!

We moved east behind the bungalows, around the sports field, then turned left between the pitches towards Ashlands Road. An alleyway on the right takes you through the houses to Ashlands Road, and then the A30. Turn right here, and within 200 yards enter Townsend Cemetery on the left. This charming, if melancholy spectre is worthy of a few minutes' humble reflection. Exit the cemetery in the eastern corner and take the ancient trackway towards Easthams Farm.

At the concrete road turn right, then keep right down across the escarpment. It is worth reflecting that the proposed Crewkerne Link Road will have to scale this slope! Halfway down, turn left and follow the pathway through the stile back onto the concrete road. Then past a charming isolated cottage and down past an abandoned pigsty to the righthand bridge.

Once across the bridge, hug the river on the left, then the copse and continue to the end of the copse, then look for the stile straight ahead, leading into a muddy tree-lined track. Go to the end of the track, then straight ahead across another field into a sunken lane. Turn right, and within 500 yards, turn left and cross under the railway line through a magnificent arch. Turn immediately right, then diagonally left across the playing fields to a green lane. Then past the pigmy goats and allotments.

Descend steep steps onto the busy road at Misterton. Turn right and follow this road all the way past Crewkerne Station, then down Station Road, along South Street and Market Street, back to The Square in Crewkerne.

**DISTANCE:** About 4.5 miles.

**DURATION:** hours, to 2 hours 30 minutes depending on how long you spend at Bincombe Beeches and Townsend Cemetery.

**LEVEL OF DIFFICULTY:** Comfortable

Wayford vineyard can be found in the tranquil village of Wayford on the Somerset Dorset border, 3 miles from Crewkerne.

The vineyard came into existence when 10 couples from the village and locality decided to embark on an adventure into the world of viticulture.

Overlooking the Axe valley we have around three thousand vines which produce our award winning white sparkling wine.

BarnStore is situated at **Yeabridge Farm**, South Petherton. The farm is currently owned by **Joe and Victoria Broughton**. Farming is at the heart of what they do, however having such a lovely setting is a wonderful addition when you're looking for **self storage**.

BarnStore is located in one of the modern farm buildings and so benefits from being **insulated**, meaning the temperature stays the same all year round, enabling your goods to be stored without fear of condensation. **Units range from 40sq ft up to 160sq ft.**

The farmhouse is located on site and so Joe and Victoria are always around when needed. This plus the fact that you can enter BarnStore without any additional charges **7 days a week / 24 hours a day** mean it is the perfect location to store your goods, whether you're moving house or looking for longer.

**Over 50 Years Combined Manufacturing & Fitting Experience**  
**Family Run**  
**Friendly Customer Service**  
**24/7 Quoting & Ordering**

**P&P TRADE WINDOWS PHILOSOPHY:** To provide top quality, bespoke PVCu Windows, Doors and Conservatories that are made to measure at highly competitive prices.

Contrary to popular belief, not all Double Glazing companies are the same! - At P&P Trade Windows, we pride ourselves on being able to offer something that the others don't!

With over 50 years combined fitting and manufacturing experience, **P&P Trade Windows** know the service that our Customers need. Our in-house manufacturing facility complimented by our fast and reliable delivery system, allows us to offer an unrivalled Customer Service, which is why we are one of the leading Double Glazing suppliers in the South West.

**P&P Trade Windows** initially started as a small independent family window fitting business in 1997.

Tel: **01935 825900** | Website: [www.pandptradewindows.com](http://www.pandptradewindows.com) | Email: [sales@pandptradewindows.com](mailto:sales@pandptradewindows.com)

This hugely successful business has now added a 6,000 Sq Ft Factory and Offices to its portfolio. The Factory holds an extensive, modern manufacturing facility that is capable of producing A-rated PVCu frames, as well as PASS24 and Document Q for Windows, Doors and Conservatories. All made to measure especially for our Customers.

The addition of this in-house capability, coupled with the provision of a nationwide delivery service and fast and reliable service allows **P&P Trade Windows** to provide the Customer with exactly what it needs: Quality, Range and Price. This together enables us to meet Customer deadlines.

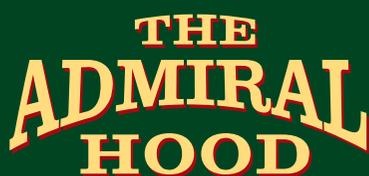

**P&P Trade Windows** are able to offer an extensive range of products that are not just restricted to those manufactured in-house. We also offer Aluminium Bi-Fold Doors, Aluminium Windows, Sliding Sash Windows, Composite Doors and Solid Roofs to name a few. All products are available in both standard and bespoke colours, as well as a full range of hardware.

# CREWKERNE EMBANKMENT

Osborne were tasked to stabilise an embankment between Crewkerne station and the level crossing on Cathole Bridge road.

The embankment had failed several times over many years, even though it had been fixed in localised areas before the failures continued.

One of the main issues of a project of this nature is the logistics. When planning this job we had to contend with the weak bridge at Misterton, the level crossing adjacent to the site entrance and the narrow country road leading to the site. Even though no consent was required from the local highways at SCC we did liaise with them and listened to their advice before we commenced the project.

The project was mobilised late November 2020 and for the first month before Christmas all of the enabling works were completed. Due to the marshy conditions on site, we only had

one area that was suitable for the haul road which restricted access to a single lane. Even though we have access through a large field the main works are in the far corner adjacent to an existing culvert and a stream.

The latest works are a combination of a retaining wall and an embankment re-grade.

The retaining wall will be a Gabion wall, 135m long and 3.5m high. The wall comprises of over 400 individual baskets which are stacked to form a continuous wall at the toe of the embankment placed on a stone base which was installed at a slight angle so the baskets lean slightly towards the railway.

Once the gabion wall is completed stone is placed in layers behind the wall and compacted in accordance with the design. We will then cut a series of steps in the embankment

for two reasons, one to remove all the organic material and secondly to form steps to help prevent further slippages in the future. Material is then placed in layers and compacted all the way to the top of the embankment. This is then followed by an embankment regrade to the new profile as shown in the design.

Once completed the site would have had approximately 19,000 ton of stone delivered, this includes the oversized stone for the gabion wall. On completion

the embankment will be topsoiled and seeded so that the works blend into its surrounding.

We are anticipating project completion and remove from site before the end of April 2021.

*Derek Rapson, Project Manager,  
Geoffrey Osborne Ltd Geotech Division.*

# Crewkerne & District

MUSEUM & HERITAGE CENTRE

There is no doubt that "adaptability" should be added to our title! For the last year we have spent time adapting to the changes in our way of life. Usually, Spring would be a time for preparation and the excitement of a new season at the museum, but this year we await the abatement of the pandemic all the while considering the best way to connect with the public.

We hope that you are enjoying our window displays, each month we will bring to you another aspect of the town's history. Our photograph collection is proving invaluable in displaying stories of various streets in Crewkerne. Our rather sulky looking model will tell her own stories, but there is no doubt life was very different 70 years ago for a young "housewife" – does anyone even call themselves that now!

Those who have sent email enquiries for research will be answered as soon as researchers can return to work. Again, being adaptable, we have changed our exhibition plans for when we can open. Initially we will look at "Food, glorious food". It seems that the topic has featured highly this last year as a welcome relief to the, sometimes, monotonous days. So much has changed about the meals that we eat, how they are cooked, how we process food, preserve it and where it comes from. We will tickle your taste buds with information about these changes over the years since Victorian times.

Our galleries are almost ready for opening with a new display on the architecture of Crewkerne in Gallery 4. We aim to be ready to open when regulations allow. If we are unable to open the whole museum we hope to welcome visitors to our special exhibition, and this year entry will be FREE!

Anyone wishing to join our volunteers can contact us on crewkernemuseum@hotmail.co.uk We welcome new volunteers in all areas of work at the museum.

## HISTORIC LINKS OF GLOVE MAKING WITH CREWKERNE OF FAMILY BUSINESS STILL THRIVING TODAY

A South Somerset family business, which has been making gloves for over 170 years, has strong links with Crewkerne. Southcombe Gloves based in Stoke sub Hamdon is a fifth generation owned business. The business was started by Richard Southcombe, who was born in 1824 at Sheepwash near Torrington in North Devon. When he was around the age of fifteen, Richard came to live in Somerset and is recorded in the 1841 census residing with his aunt Mary and uncle Joseph Guppy, who ran a drapery shop in Stoke sub Hamdon.

The hamstone village near the Fosse Way was a staging post for horse-drawn carriages travelling along the Bath to Exeter road and gloves were in high demand by the coachmen. The young

entrepreneur seized the opportunity and began manufacturing fabric gloves in 1847. By the mid 1860's the Southcombe factory was producing '36,000 pairs of gloves' each week. To cope with the expanding demand and the manufacturing of 'more durable and refined leather gloves', a new main factory was built in 1873 at Cole Lane.

In Victorian times, gloves were hand-sewn, with a large cottage industry of women working from home. According to a report by Dr Stewart for the Children's Employment Commission in 1841, young girls were taken on as apprentices to glove mistresses from the age of seven and after six months of learning the craft were paid 6d a week, increased to 1s a week after a further six months and thereafter paid 1d per pair. Another fact about the gloving industry, which helped to produce more accurate stitching, was the creation of the Gloving Donkey. This foot operated device which held the glove

firmly in place was invented by James Winter of Stoke sub Hamdon in 1807.

Crewkerne's link to the glove making industry can be found in historic records, archived at Crewkerne & District Museum & Heritage Centre. In the 1851 census, records show that there were around 140 glovers in the town, who were mainly female out-workers. The former Southcombe glove factory off of North Street closed in 1998 when the business was transferred back to Stoke sub Hamdon. It is now residential flats known as Gouldsbrook View but retains its original 19th Century architecture. A further link to the Southcombe family in Crewkerne is the hamstone plinth, built into the front wall of the Baptist Chapel in North Street, which commemorates its 200 year history and was laid by Richard Southcombe Esq of Stoke sub Hamdon in July 1880.

*The former Southcombe Glove factory at Gouldsbrook View in Crewkerne, which was run by relatives of Richard Southcombe Snr and employed local men and women. The factory closed in 1998 and was later converted into flats but still retains its 19th Century architecture.*

*"The original 19th century factory complex in Coles Lane, Stoke sub Hamdon"*

You've bought an old car. A classic car, historic car, and you are smitten. - *I know.*

I did it over 60 years ago, and despite a life of motor racing, which I still do, and countless vehicles restored for others, you'd think I'd had enough.

I tried to run away from my addiction 42 years ago and came here, but soon an old race car that I'd paid 40 quid for and left behind, appeared on my doorstep.

I cried, my attempt at cold turkey failed. I was an addict again.

No, dear addicts, I need my daily fix, and have owned a GT40, Cobra, Ferrari, and countless others before their values reached stupid proportions. I still buy my fixes and at 80 years of age it gets no easier.

We only repair the gems with plugs and points.

But, as I said, its an addiction. A life time addiction.

It will drain your resources, isolate you from your friends.

In bad cases, divorce can result.

So please, Please don't get addicted to the old car, especially, MG, Jowett, Triumph, Jaguar, Ford.

Please don't..... But if you do, Barrie, Alan, Stella and Seb are on **01308 868884**

## SPACE4CREWKERNE - SAFE PEDESTRIAN AND CYCLING ENVIRONMENTS

Winter may have been a quiet time, but SPACE for Crewkerne has not gone into hibernation! We are still waiting for news on the application to Somerset County Council for funding to facilitate Electric car hire and the Air Quality Monitor set up in town, but we are engaging with other areas. Crewkerne Town Council await training to use the Speed Indicator Device that they now have.

Our recent energies have been applied to checking the various planning applications relating to Crewkerne. The access for the CLR site onto Station Road and indication that 8 trees should be felled has given many concerns. Much about this application is unsatisfactory – tree felling, provision of segregated cycle track, site and method of access to site using traffic lights, making access to existing properties on Station Road difficult.

Planning applications often paint a picture of Crewkerne which portray a vision of somewhere that does not appear to match with reality. Take a look at the Goldwell Farm application no. 20/03708/OUT on SSDC planning portal, Traffic assessment. According to the plan Crewkerne has Cycle tracks, good provision for pedestrians to access the town and a good bus service, where we know that this is not the case.

We have a "vision" for Crewkerne as a safe place for all to move around, in

whatever way they choose, so we will continue to check planning proposals and ask you to do likewise. If you are not happy with proposals, make a comment on the SSDC Planning portal (it takes a little patience to get into it!), contact Crewkerne Town Council to comment and keep your eyes open! Crewkerne Town Council have agreed to discuss the Goldwell Farm plan at their meeting in March.

You can contact us on our Facebook page with ideas and comments, on [space4crewkerne@hotmail.com](mailto:space4crewkerne@hotmail.com) The aim is to be positive and constructive all the while encouraging the councils to look at the best way forward to make Crewkerne safer for all.

# • The Speedwell Hall •

## Photographic Exhibition and other developments.

The newly refurbished Speedwell Hall has now been further enhanced by a collection of stunning local photographs which are displayed around the walls.

Jeff Hutson, a highly talented amateur photographer who lives in Crewkerne has put together a collection of photos of both local landscapes in all seasons, scenes from some of the more hid-den corners of Crewkerne and portraits of local artisans and producers of foods and drinks. The photos are on permanent display for users of the Hall and visitors to enjoy. They are also available to purchase and the net proceeds will be donated to The Speedwell Hall funds.

We plan, when allowed, to hold an Open Day at the Speedwell Hall. It will offer the chance to visit and view the updates to the Hall and the pictures described above as well as meet others and enjoy a cup of tea or coffee.

We have an annual Concert in the Garden at The Speedwell and this will be on 26th June this year. Details of the

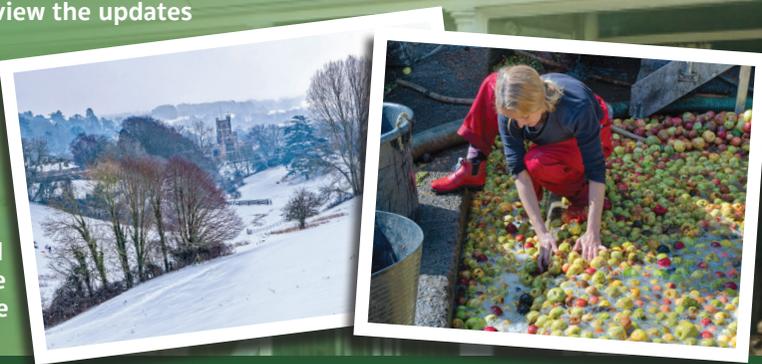

line up of singers and performers will be available nearer to the time.

Another new development will be The Little Bears Play Cafe which will be held at the Hall each week on Tuesdays and Wednesdays. Again the start date for this will be announced as soon as we are able.

So when the Hall eventually reopens as conditions allow, please be sure to visit us at the Speedwell Hall, a valuable asset to the Crewkerne Community.

(Two examples of Jeff's photographs are shown below.)

# A NEW BUILD SUCCESS STORY

*A new build success story in midst of a global pandemic. Kitchen Kind have helped this family to truly make their kitchen 'the heart of the home'...*

## How Paul & Erica achieved their dream home

The house itself was designed by their friend and architect David Drummond of Drummonds architecture in his signature style. Using modern building methods such as the SIPS structure, clad in Siberian Larch and local limestone walls on the ground floor, large aluminium windows and doors and detail in anthracite grey, a sleek and modern look has been achieved, and a light filled living area has been created.

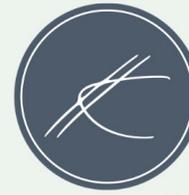

and downs during the build. The torrential rain at the beginning and ends of the build making the clay ground impenetrable. There were hurdles to overcome with landowners, water, and electricity companies. But those hitches aside, there were wonderful highlights one of which was undoubtedly when they saw their new kitchen installed and for the first time the building site began to resemble a home. Being able to envisage themselves in their kitchen gave them a glimmer of what family life would become once the project was finished.

For Paul and Erica, the kitchen is the hub of their busy home. The kitchen is a hive of activity in their family life and a space where they love to entertain. They knew they wanted a big island with seating incorporated in the design of the kitchen as a fun feature for the children and as a focal point when entertaining friends, allowing them to socialise whilst cooking at the same time.

In their own words, Paul and Erica chose Kitchen Kind based on the personal service and range of great quality products at incredibly competitive prices. For them it was a no-brainer. They visited the Kitchen Kind showroom and met Becca and John and there they got to touch and looked at all the products. They felt they were in safe hands.

The build took just over 9 months – considering the country locked down for 6 weeks in March and April, is pretty quick. The heavy rainfall at the beginning delayed the digging of the foundations at the start of January but as soon as they were complete and the dolly block in place, the SIPS structure flew up in under 3 weeks. The beauty of the SIPS is that the builders were then able to work on the inside and outside of the house simultaneously – so windows, doors, plumbing, and electrics were all going on as the bricklayers and carpenters were working on the outer shell.

As you would expect there were of course ups
