## Welcome to our latest edition of The Crewkerne Flyer.

Our business model is proving very popular – we now have “Flyers” covering Chard, Bridport and Crewkerne, with a Flyer for Honiton to be launched in July. Thank you all for your support, as readers, advertisers and contributors.

We love success stories, and new enterprises, and this edition of The Crewkerne Flyer carries a few.

On **Page 10**, find New Cross Farmhouse, at West Lambrook. This has been launched as “a historic country house.....for bohemian minded friends”. Then on **Page 14** we feature ARK at Egwood. Now in its 3rd year, the team at ARK offer support for those with educational and emotional needs, in an outside environment. On **Pages 18 and 19** Ian Trotter and his family have opened a traditional butchers counter at Lopen Business Park. The Cridge Family, well known locally in the motor trade have now opened Crewkerne Small Business Centre in Cropmead, Crewkerne. Serviced offices, meeting rooms etc. See their advert on **Page 21**. Louisa Willcox in Crewkerne has launched a new bookkeeping service. See Louisa’s advert on **Page 25**.

We also have contributions from Crewkerne Museum, Crewkerne in Bloom, Crewkerne Rotary and photos of Old Crewkerne kindly supplied by David Bryant.

Please send in your comments and contributions for the Autumn 2021 edition.

Best wishes

*Anthony Buckle* Editor, Monday 14 June 2021.

## IDYLIC RURAL SETTING FOR ACTIVITIES PROMOTING HEALTH AND WELLBEING WITH INTRODUCTION TO ARTS AND CRAFTS

ARK at Egwood provides day activities that promote health and wellbeing, while introducing young people and adults to horticulture (growing vegetables, fruits and flowers), cookery, animal husbandry and rural arts and crafts. Set in 12 acres of countryside, the intergenerational provision near Merriott, allows its service users to make progress at their own pace. ARK is an abbreviation of Acts of Random Kindness. Since opening in 2018, ARK has offered support to people with learning disabilities, Autism, mental and physical health difficulties. ARK also provides support to children and young people of varying ages with regard to their educational and emotional needs and has just started a project to support local members of the Armed Forces.

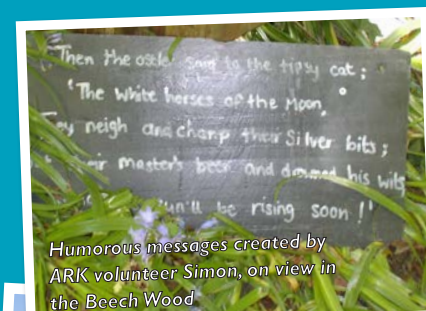

Business Development Director, Nigel Bell said: "ARK enables everyone to fulfil their potential by working to address issues at the earliest possible stage. Therapeutic use of outside spaces and animals are proven to have a positive impact on helping to restore wellbeing, confidence and self-esteem with people of all ages. Our support approach involves helping people to be actively, consistently and meaningfully engaged by participating, spending time with others and making decisions and choices. We have recently secured grant funding to enable us to offer free support to people who are experiencing difficulties with mental health and have themed a project called 'Therapeutic Volunteer' where people can attend ARK and receive support to help them improve their wellbeing and become active members of the community again."

Wheelchair friendly paths have been created to connect many of the different areas of activity, including the Beech Wood where woodwork sessions take place and humorous messages, created by ARK volunteer Simon, can be found under the verdant canopies. In September 2019, 11 employees from Barratt Homes who were attending a Team Building Day, raised several flower beds to improve access for those with reduced mobility. The land is rich in biodiversity and during the first lockdown in March 2020, a large pond

was dug out, filled with rain water and planted with rushes to encourage wildlife and provide a wonderful backdrop to the picnic area. The Covid pandemic presented many challenges but also provided opportunities to improve the facilities as the team continued to care for the two ponies, two pigs, three goats and 10 chickens. Other setbacks since ARK first opened include planning issues and torrential rain, which on several occasions has forced the cancellation of open days.

ARK at Egwood have teamed up with the Overlord Challenge for this year's Open Day on Saturday August 28th, when Team Overlord led by RAF veteran Andy Webb will attempt a British Indoor Rowing endurance record. The open day will also include a bee keeping experience, craft stalls and refreshments. ARK's recently erected polytunnels with socially distanced work benches have already been put to good use, with the growing of sunflower seeds and cultivation of plants and ARK's aliums and carmassias are now available to buy in bunches from Hinton St George and Shepton Beauchamp village stores.

Future plans to provide pop-up lunch clubs in village locations, using the produce that has been farmed by service users are underway. ARK is also in the process of setting up a Dementia/memory loss support service and will be running African drumming sessions in July. Volunteering opportunities are available to help with gardening, workshops and general site maintenance. ARK is definitely 'Changing Lives Within Our Community' but this wouldn't be possible without the generous support from sponsors and funding from many different sources, all of whom are acknowledged on the website [www.arkategwood.com](http://www.arkategwood.com).

# AN ODE TO ROTARY PAST

The Rotary Club of Crewkerne is known as a very good hub  
 We meet every week and projects we seek and there is the rub  
 With COVID upon us we find it quite hard to put things in action  
 Although it is true, we try hard but end up with a fraction  
 In the past there was shoe box, schoolbag and water box too  
 With shelter box all going to third world countries from you  
 At home we donate quite large sums of money to a good cause  
 Children's hospice, breast cancer, Usborne dictionaries, I pause  
 We hope that the Shop and Dinington ride will happen this year  
 To enable us to meet, top up our finances so we may bring good cheer  
 We help our daughter club Crewkerne District if we are asked  
 And enjoyed days of fellowship, nights of quizzes all in the past  
 Hopefully with Covid under control we are getting back to normality  
 And our Rotary clubs aims and wishes become a reality  
 We are all getting older that's no surprise, but we've fire in the belly  
 So, don't think we are finished no NOT ON YOUR NELLY

## THE FUTURE

Working with local schools to find the engineers of tomorrow (*Technology Tournament*), budding entrepreneurs (*Big Pitch*), the next generation of restaurateurs (*Young Chef*), classical virtuoso or pop star (*Young Musician*) or the confidence and ability to speak at public events (*Youth Speaks*). And not forgetting the ability to read and learn from a book (*Usborne Dictionaries*). But Rotary is an international organisation helping to eradicate polio worldwide (*only two countries now endemic*) and supporting charities like School in a Bag and Water Survival Boxes both located in Somerset and Hope and Homes for Children in Salisbury.

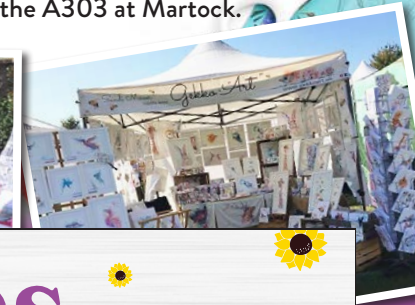

If you would like to play an active part in the future of our young people and local organisations then contact the Crewkerne Rotary Club Secretary for further information either by email [crewkerneribi@gmail.com](mailto:crewkerneribi@gmail.com) or telephone 01460 78951.

## MUSEUM & HERITAGE CENTRE

It seems so long since our stewards were welcoming visitors to the museum, but now we are open. To give our volunteers a chance to familiarise themselves with where things are and what to do, we have started with a steady programme of opening times. Visitors will need to check either our Facebook page, the website [www.crewkernemuseum.co.uk](http://www.crewkernemuseum.co.uk) or the window to know when to visit. By June we will open Thursdays, Fridays and Saturdays 10am-4pm. We hope to add in days in July.

Gallery 4 reveals the story of architecture in Crewkerne from early times to the present day. Our town has many beautiful buildings in the centre and the exhibition tells the story of many of them. Developments in shops, industry and modern housing also play their part. Examples of building objects and many photographs illustrate the story.

Our special temporary exhibition is "Food, Glorious Food". Did you know about the British Restaurants? Would a snack of jellied eels keep you happy? Discover the way that food has changed over the centuries, where we eat, when we eat and what we eat. This exhibition will run until the end of August and we hope to be able to add some food related activities in coming weeks.

Volunteers are always welcome at the Heritage Centre, the more the merrier! Visit our website to contact us, or call in when we're open.

*Visit soon, you will be very welcome!*

## Crewkerne in Bloom Going for Gold Again - RHS South West in Bloom Awards 2021

...and we're giving it our all because we're in the **Champion of Champions** category! This is a result of Crewkerne's outstanding success in these prestigious awards last held in 2019, when we were **judged a Gold Award and Cup Winning Town** - in our first year of entry!

Hanging baskets are going up - thanks to a most welcome Council Community Grant - planters are filling, bikes, barrows and bins painted and we've organized competitions.

As part of our bid for glory, **Colourful Crewkerne** is the theme for our new **window competition for shops and businesses**, no entry registration is needed. Independent CiB judges will be deciding on **Tuesday July 13th**, prior to the main South West in Bloom judging on the 14th.

On **Tuesday July 27th** we have a residents' garden competition with four categories. Entry forms with details are widely available.

Meanwhile, our **"It's Your Neighbourhood"** groups are working hard in their areas. At the **Cemetery** some of **Crewkerne's Bloomers**, are working on designated beds. Everyone is crossing fingers that the perennials being planted for all year interest are indeed rabbit proof!

Keep up to date with us on [www.crewkerneinbloom.org](http://www.crewkerneinbloom.org)

## Wilder Churches

This is the eye-catching title of a new joint initiative between the Diocese of Bath & Wells and the Somerset Wildlife Trust to protect biodiversity and increase the value of churchyards for wildlife.

At St Bartholomew's this mission is already ongoing under the watchful eye of CiB in areas that are designated "wild". The idea is to allow nature to flourish by monitoring and managing, only mowing at the end of Summer. Apart from bulb planting and occasional seed planting to boost native species, little intervention is planned.

**Volunteers** to help us spruce up our lovely town are always welcome, and particularly pre-judging in July. Or just support us by becoming a Friend or Sponsor.

Please call 01460 72665 or email [hello@crewkerneinbloom.org](mailto:hello@crewkerneinbloom.org)

I am passionate about plants and gardens and have been designing gardens of all shapes, sizes and styles for many years. I like to work closely with my clients to help them achieve a garden that gives them their special place, be it a plant filled haven to spend time in or an easy care garden that looks good in all seasons with the minimum of maintenance. My work covers a wide area - I have designed gardens from the New Forest in Hampshire to Dorset, Somerset and Devon. I take inspiration from nature and the built environment, particularly the rolling Dorset hills that I overlook from my studio.

## QUALITY USED CARS IN SOUTH SOMERSET

James Ford, - Owner, Director, Salesman, Chief Valleter, and Tea-Maker at JF Cars in South Street, Crewkerne, trained as an aircraft engineer back when he was 17 and worked for many years building and servicing aircraft at Westland Helicopters in Yeovil. In his spare time he liked to enjoy his passion for fast cars and what are now performance classics but after a few life-changing experiences he decided that his main passion in life was cars, so started what is now JF Cars South West Ltd.

Said James "Here at JF Cars we try to offer a very relaxed approach to buying your next car. We are here to help you try to make the right choice for your next purchase and not to feel pressured like some of the bigger main agents/car dealerships. All forecourt retail cars come with 3 months free warranty with the option to extend to 6 or 12 months at additional cost.

"We offer finance from some of the top UK lenders via [www.peninsulamotorfinance.co.uk](http://www.peninsulamotorfinance.co.uk)

"Bookings for viewings and test drives are recommended as I am not always on site. Please call either of the numbers to arrange your test drive. So book a time to suit you, on 01460 72517 / 07904 034527

"Our stock regularly includes Mercedes Benz 4x4's, performance Toyotas, BMW's and Fords, a selection of MPV's including Kia, and low-cost hatches from the Honda, Skoda and Fiat stables".

As the print deadline for the Flyer (*great Mag*) descends upon me, I still wait with baited breath (*along with most of the UK*) to hear from Downing Street that we may once again socialise normally and attend club events, not just for me personally, but for my customers who come to me for great deals and service supplying printed T shirts etc for them.

Sadly, Print deadline beats Downing Street, and I can only say, "Folks, when you are ready to sort your clothing, just call me (01460 77766 most mornings) or 07547 662393 at other times or email me [nikki@nmgraphics.co.uk](mailto:nikki@nmgraphics.co.uk), and I will sort it all out for you".

Regards Nikki. NM Graphics
